

Extra You™
What would you do with an extra you?

Testimonials

I went from not really wanting to use a service like Extra You for various needs to being full of gratitude that I have them to use! I'm so appreciative of the care, time and assistance I get from Extra You. They do a great job of following up with my adult children after doctor's visits. It really helps me a lot that Extra You accompanies me and puts into words all that was said in an appointment. They are truly invaluable to me.

I can't tell you how pleased I am with your vigilance, care and time you put into my taking care of my dad. I'm amazed at your tenacity and willingness to be an advocate on his behalf when needed. Thanks for all you do!

Having struggled with depression for years I contracted with Extra You to help with mail, errands, organization and personal bill paying. What I didn't expect was a friend...someone that cheers me up, makes me laugh and feels like a daughter at times. One of my sons is out of the country and the other is local but very busy with his career and family. Besides, I ask Extra You to do things for me that I don't want to ask of my sons. When I broke my leg, they set me up with in home care (for baths) and stepped into deal with my meals until they started. They take good care of me and cheer me up!

Extra You managed a lot of issues for my mom on a weekly basis for over a year. When she "didn't seem herself" they contacted me. It was sad to discover she was suffering from dementia, but a relief to know Extra You was closer than I was (stepping in to say something) and helping her until we got her moved to where I live.
